

# **“DRIVE TO SURVIVE”**

**HOW SAFE IS YOUR FAMILY WHILE DRIVING ??**

**WHERE: GOSHEN FIRE COMPANY**  
**1320 Park Avenue, West Chester PA 19380**  
**WHEN: MAY 13, 2008 at 7 p.m.**

Each year, over 42,000 Americans are killed in vehicle crashes, yet few people understand HOW and WHY vehicle crashes occur. The “*Drive to Survive*” training program is designed to teach students that no matter how long they have been driving, or how “good” they think they are, there are limits to the safe operation of a personal vehicle. Using the same techniques used by crash investigators, this class is designed to provide a better understanding of important topics that are essential for safe driving, such as:

- ✓ Vehicle Dynamics
- ✓ Air Brakes
- ✓ Brake Fade
- ✓ Roadway Friction
- ✓ Stopping Distances
- ✓ Skid Control
- ✓ Critical Curve Speed

- ✓ Rollover Thresholds
- ✓ Anti-Lock Brakes
- ✓ Hydroplaning
- ✓ Tire Blowouts
- ✓ Drunk Driving
- ✓ Underage Drinking
- ✓ Seat Belt Use

The “*Drive to Survive*” training program is a 2-hour, lecture based seminar, which has been featured at over 30 different locations throughout the United States. The class is ideal for young teenage drivers, as well as adults who drive vehicles on a regular basis, either at work or in their personal lives.

**ABOUT THE INSTRUCTOR:** After completing his Master’s Degree in Safety and Industrial Hygiene at Johns Hopkins University, Chris Daly became a full-time police officer in Chester County, PA. During the course of his police career, Chris specialized in the reconstruction of serious and fatal vehicle crashes. After recognizing a need for specialized training in the area of vehicle crash prevention and crash analysis, “*Drive to Survive*” was born.

**CLASS COST IS \$35.00 PER PERSON**
